Dear Sir/Madam,

RE: JAMES CECY

My name is Freddie C Roberson and I am the Director of Christians in Action UK. I am writing to express an enthusiastic recommendation of James Cecy as an advisor, skilled writer and experienced consultant.

We have had the privilege of having Dr. Cecy many times as a speaker and advisor for our ministry here in London. I have personally worked with Dr. Cecy to bring his training course "Men In Action" to the UK for the first time, which was a great success. Jim is a gifted speaker with particular knowledge of the Greek biblical text and has extensive knowledge of biblical history. He also has a tremendous amount of experience in mentoring and training leaders, both within the realm of the family as well as with leadership in general. He has also been a great help to me on a personal level, giving me great encouragement. His book titled "Purity War" is a game changer, and his "Men In Action" manual has helped our men considerably.

Once again, I highly recommend Dr. Cecy as a speaker, consultant or advisor. Please feel free to contact me if you request any additional information concerning Dr. Cecy.

Sincerely,

Rev. Freddie C Roberson Jr.
UK Director
