To Whom It May Concern:

This letter is on behalf of Pastor Jim CeCy.

Gratitude comes to mind when I think of Pastor Jim CeCy. You need to know that I am grateful for men like Pastor. His desire to see the Gospel shared throughout the world as well as here at home has always been a constant for the years that I have known him. His faithfulness to his community and willingness to come alongside younger leaders in Fresno County is evident in his life.

For instance; I was praying for my new territory in Santa Cruz County and had limited relationships in town. I happened to share with Pastor Jim my new territory and without hesitation he gave me his nephew's contact information. His nephew was a teacher/coach at Aptos HS and has been a part of FCA to this day.

Without hesitation I recommend anything that the Lord is working on through Pastor Jim.

Yours to count on,
