A Letter of Recommendation

To Whom It May Concern:

I have known Dr James Cecy and have worked closely with him for more than 30 years. I can attest to his exceptional teaching skills, dedication, and positive impact not just in churches in the US but also in the Philippines and other parts of the world. Though he has achieved a high level of success in ministerial work both in the church and in the organization he leads, Jim remains humble and is available for mentoring, counselling, and personal equipping. Both his teaching and the writing of various books for life and ministry enable many to become effective in their ministry.

I can confirm that Jim possesses a unique combination of specific research skills, strong analytical skills, effective communication, and leadership abilities. His teaching is marked with integrity for Jim lived a life that is consistent to what he is writing and teaching.

I truly believe that Jim's desire to be used by God in providing more training and equipping in the different fields of life by teaching and writing more books would be a tremendous asset for many of those who are committed in the ministry.

Sincerely,
