Reference for Dr. James Cecy

I have known Jim for 50 years. He is as close a friend and colleague as one can have. We served together in the early 1990's at Riverpark Bible Church in Fresno, California. When he became the pastor at Campus Baptist our friendship remained strong.

I have observed Jim's leadership over these many years. He is exceptionally skilled with wisdom, is an expert in leadership principles, management, handling conflict issues, master planning, and leadership transitions. He is a gifted speaker and is quality from A-Z ...a man of integrity. He's a gifted writer and understands well the challenges of a business or church leader.

Without reservation or hesitation, I recommend Dr. Cecy.
