

November 11, 2025

As a former US Army military police officer and retired commander for the Fresno Police Department, I greatly appreciated Jim's leadership course.

Based on biblical principles, his course provided valuable problem solving skills not usually found in other leadership courses.

As a young sergeant, his class taught me how to communicate more effectively and tremendously helped me clarify my own leadership style.

Jim displays a combination of strong subject knowledge, excellent communication skills, and the ability to create a positive and engaging learning environment.

David Newton
Retired Commander
Fresno Police Department
